

REMARKS

Applicants are in receipt of a Notice of Allowance, dated December 22, 2004. Claims 1-5 are active. The Notice includes an Examiner's amendment to the claims. This amendment is confusing as it requests that claim 1, line 6, be amended by deleting "the" after "having." These words do not appear on claim 1, line 6, but on the claim line 4. The line numbering on this claim page do not correspond to the claim line numbers, and thus the Examiner's amendment is not clear. The page line 6 is not the claim line 6.

Also, claim 2 has similar language as claim 1 that is not corrected by the Examiner's amendment. Further certain terms of certain of the claims have awkward language or translation errors. Amendment is made to these claims to correct these errors. No new matter is added.

For example, claim 1, line 12, calls for "a line connecting the center of said small area." This term lacks antecedent basis as the term should refer to "small areas," not "area." The enclosed amendment corrects this error.

In claim 2, the term "reach" is not clear. This term refers to passing light. Thus the optical window passes light and the ray shielding means blocks the light.

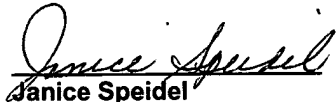

Other minor amendments are made to certain of the claims in the interest of clarity and consistency. Entry of this amendment is respectfully requested.
